Re: STB Docket No. AB-391 (Sub-No. 10X), Red River Valley & Western Railroad Company -- Abandonment Exemption -- In Foster and Wells Counties, ND

Dear Secretary Williams:

By a filing dated October 14, 2004, Red River Valley & Western Railroad Company ("RRVW") requested authority from the Surface Transportation Board (the "Board") to abandon an approximately 27.76-mile rail line from milepost 1.4¹ in or near Carrington, North Dakota to the end of the line at approximately milepost 29.16 in or near Bowdon, North Dakota (the "Rail Line"). By a decision served December 1, 2004 (the "Abandonment Decision"), the Board imposed certain conditions on its grant of abandonment authority. This letter advises the Board that RRVW is hereby consummating the abandonment of the Rail Line.

Pursuant to the conditions in the Abandonment Decision, RRVW has consulted with the requisite agencies, and no further consultation is required at this time. The abandonment of the Rail Line also was conditioned on completion of the section 106 process of the NHPA.² In fulfillment of this condition, RRVW attaches a letter from the State Historical Society of North Dakota, dated June 26, 2007.

¹ As noted in RRVW's January 11, 2007, filing, certain Board documents in this proceeding contain a typographical error in which milepost 1.4 is referred to as milepost 21.4. All Board documents in this proceeding correctly refer to the Rail Line's total number of miles, 27.76.

² See Abandonment Decision; January 11, 2007, Letter filed by RRVW in this proceeding.

Hon. Vernon A. Williams

ND SHPO Ref.:04-1021 Red River Valley and Western Railroad Company
Abandonment Exemption - Bowdon Line Abandonment, Docket No. AB-391
(Sub-No. 10X) Foster and Wells County, North Dakota

Dear Mr. Zink,

We reviewed ND SHPO Ref.:04-1021 Bowdon Line Abandonment, Docket No. AB-391 (Sub-No. 10X) Foster and Wells County, North Dakota, and we would concur with a "No Historic Properties Affected" determination, if requested to do so by the lead federal agency, provided the project is of the nature specified and takes place in the legal description listed and plotted in the correspondence, including Docket No. AB-391 (Sub-No. 10X) before the Surface Transportation Board. If any borrow fill material is required, the material should be derived from an approved source, that is, one surveyed by an archaeologist and found to contain no significant cultural resources.

Please include the ND SHPO Reference number listed above in further correspondence for this specific project. If you have any questions please contact Susan Quinnell at (701) 328-3576, or squinnell@nd.gov
