

Environmental Impact Statement

# Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8-27-08

To Whom It May Concern:

This whole situation is so distressing. I moved to Barrington over 40 years ago. There are many reasons for her beauty, her size, the people. Yes, in this span of time, changes have occurred. The potential to alter the lifestyles and beauty of our community by Canadian National for, I suppose, any other threats. The city control or supervise what is moved through our area. Increased traffic will cause rail stresses. Students rushing to school will be hampered. How much time will pass before someone is seriously injured!

The are also an aging community. Seniors will have difficulty getting up to the hospital or an ambulance getting to them.

If we all moved to Barrington for many reasons. Increased rail traffic wasn't one of them!

Samela A. McCord  
848 Grand Avenue.
