Dear Consulting Party,

Today, the Board issued two decisions regarding the Tongue River Railroad Project. The first decision ([link here](#)) provides a correction to the scoping meeting location in Forsyth, MT. The second decision ([link here](#)): 1) clarifies what the Board will review; 2) directs the Tongue River Railroad Company, Inc. (TRRC) to file supplemental information related to the transportation merits of the revised line TRRC proposes to build; 3) establishes a new procedural schedule for the proceeding; and 4) requires TRRC to publish new notices consistent with the Board's decision.

The above links will direct you to the appropriate documents. If you have trouble viewing the decisions, please let me know (gliddenc@stb.dot.gov; 202-245-0293).

Please contact either Kenneth Blodgett (kblodgett@stb.dot.gov; 202-245-0305) or Danielle Gosselin (gosselin@stb.dot.gov; 202-245-0300) if you have any questions regarding the content of the above updates.

Thanks,

Cathy
