

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087**Date:**

8/27/08

Comments must be submitted by September 30, 2008.

- I am very much against this proposed CN Acquisition.
- I have 5 children in the dist. 200 School System. It is my understanding that the School buses cross the tracks over 800 times a day. The Safety and well being of my children are my #1 priority and this acquisition would destroy that. My family moved here 2 years ago from Park Ridge to get away from the over building ~~that~~ and overcrowding that's happening there. We are on Saarensen back to the E & E tracks. When we move in there were approx. 3 trains a day that we noticed (and not very much). In recent months we have noticed more trains, louder trains and more pollutant trains. My windows rattle, my kids can't play outside and my property value will decrease. Barrington Hills is known for its quiet, country setting; this acquisition will destroy this too!

Don't forget the response time for emergency vehicles - this will increase too. And so will my commute to and from dance classes, football, gymnastics, school, etc.

YOUR INPUT IS IMPORTANT!
