Message:

I am opposed to the Canadian National Railway purchase of the Elgin, Joliet and Eastern Railroad. CNR has plans to dramatically increase rail traffic on this line from four trains per day to two trains per hour (24 trains per day) and has made no provisions for how this traffic will affect surface road traffic in the northwest Naperville area. There are two high traffic roads in this areas with grade level crossings which were not built for the level of rail traffic CNR is proposing. The already bad area traffic would be significantly worsened by the proposed increase in traffic on the EJ&E tracks.
