Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board.
Comments must be submitted by February 1, 2008.

I am totally against any increased train traffic on the EJE line. The impact of this will devastate our community! I believe most of current residents would move to another country. My long term projection of this community is a town with lower property values with people having a lower quality of life but can't afford to move away. Why does "King Daley" get to move all of his problems out of Chicago to the suburbs?
