Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: August 27, 2008

Comments must be submitted by September 30, 2008.

Increasing the bottom line of Canadian National Railway and EJ+E is a worthwhile goal for good business ~~benefits~~ practices but on the backs of so many citizens! No!

Where ~~are~~ all the crossing improvements needed for safety from the increased usage? That becomes the responsibility of the CNR + EJ+E. They are asking to use citizens' property for their benefit without benefiting the people providing access. Where's the real mitigation? They have proposed nothing of consequence. We are the losers.
