Dear Dave Narvally

I am very opposed to the building of
the Great Lakes Basin Railroad. It will impact
our forest & Sheridan fire districts &
school districts because of road closures
& many rural road crossings. This
will also effect Emergency response etc.

It will also greatly effect our agriculture
in many ways to briefly mention in
this letter, Land & Home Value will fall.
Why should we live bear risk for
someones private gain.

Thank you Mary Scheppler
