Dear South Florida Rail Customer:

You are receiving this letter as a customer served by CSX Transportation, Inc. ("CSXT") on the rail line between Riviera Beach and Miami, Florida. As you may know, that rail line has been owned by the Florida Department of Transportation ("FDOT") since 1988, while CSXT retains a permanent freight operating easement and provides all common carrier freight service on the line. Since 1988, CSXT also has provided maintenance and dispatching on the line.

FDOT and CSXT are now proposing to transfer responsibility for maintenance and dispatching from CSXT to FDOT. There will be no change in the rail freight service provided by CSXT. Enclosed for your information is a petition filed by FDOT on May 6, 2014 in Finance Docket No. 35783 at the U.S. Surface Transportation Board seeking a declaratory order that the proposed transfer of maintenance and dispatching responsibility does not require STB authorization and will not make FDOT a common carrier on the line.

Please note that the enclosed version of the petition omits several hundred pages of exhibits. Those exhibits, however, are listed on page 30 of the petition, and we would be happy to provide them to you if you would like to review them. Please feel free to contact the undersigned with any such request or other questions you may have. Kind regards.

Very truly yours, *

William C. Sippel
Attorney for Florida Department of Transportation
