Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I am very concerned about the proposed increase in train traffic in my community. I live in the village of Barrington and I cannot imagine the negative impact this will have on us. My ability to access our local hospital will be impacted. I have two young children (2 yrs & 5 months) and I worry that it might take an ambulance 30 minutes or more to reach us if one of the trains is going by. These trains would cross our community at ground level at way too many crucial places.
