Comments:

We need an Environmental Impact Statement because:

this is a huge expanse of land in the middle of a residential area. We need to have utmost caution to even consider dismantling any part of this structure. What are the possibilities of flooding once this open land is removed? What about impact of heavy machinery in this historic housing district? Air quality to adjacent homes & schools?

• REQUIRED FIELDS

I authorize the Embankment Preservation Coalition to file this comment with the Surface Transportation Board.
