I'm writing in regards to the acquisition of the EJ&E Railroad, and i am very concerned about our community and the amount of noise, vibration, and pollution these trains will have passing through our community. We back up to the train and our home value will go down drastically. I strongly agree that this will not be good for our community, and mostly of all for the amount of traffic we will have. The amount of kids are always walking on the tracks. Hopefully this acquisition of the EJ&E Railroad will take inconsideration and not go with the plan.
