Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I am 7th grade student at prairie middle school, and I can see that the Cn Railroad going through Barrington will not work. In Barrington we put ~~all~~^{most} of the schools around the train tracks, there for ~~many kids will have to walk~~
It will be alot harder to get to school for kids ^{will} walk across the tracks. Also it will be much harder to get help, with alot of traffic. Also at 5 or 6 o'clock almost every day town is very crowded and with more trains passing through people will not be able to get home to their families as fast.

- Amy Sonnicksen

Please do not allow the trains to go down this area - I am very worried about the schools. I live off of Elx Long Drive & my experience is that at the High school teens will do anything to get to school. I have already lost time children because of this.

Also I live where there traffic is already ~~hard~~ traffic at a standstill early morning & evening rush hour on Elx & on Lake Cook. I can't imagine how this will effect this area.

Also I worry about our water quality - we have an aquifer & I know that the water will be affected.

YOUR INPUT IS IMPORTANT!

I am not worried about the water but I can see what will happen. - Our kids will be changed, for worse.

I am not articulate or well educated & most here but I can see the affect on the kids the water marsh.
