Hi Diana-

I checked with HDR and they confirmed that there were no artifacts found on land that SGR owned at the time of discovery, and therefore all artifacts were returned to landowners and no artifacts needed curation.

Let me know any other questions.

Best,

Cynthia

Cynthia,

Has SGR curated the artifacts found on SGR and Vulcan-owned properties, as is stipulated in the PA? I didn't see any reference to this in the last two semi-annual reports.

Thanks
Diana

Thanks Cynthia. I haven't read the report yet, but plan to send a letter to ACHP and the 37 consulting parties sometime next week. I'll attach this report and the last report, as well as the HABS-like photographs and surveys, and exhibits. As an FYI, the PA remains open until project completion. You would then need to write a letter indicating that the project,

including the terms of the PA, has been completed and that the PA can be terminated. The letter would need to state whether any inadvertent finds were encountered during construction.

Thanks
Diana

Attached is the status report for SGR on the implementation of the resolution plan. As noted in the report, implementation is now complete.

Please let us know any questions.
