

Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

Adding more trains will cause
a complete stand still in Barrington -
Effectively cutting The High School off from
The Town. Emergency vehicles like police etc.
It would keep students from getting
to school on time and to and from after
school. Having to walk would put
their lives in danger. All old coming
to or leaving Barrington would be
able to get home when on time or in
a reasonable time. Property values
would plummet & are already being
affected. Overpasses and under
passes would totally change the
ecology of our town. The
Toxopneum would endanger our
children's lives at Lake Lake!
Our lakes would be polluted from
noise & fumes - Our house already
shakes every time a train goes by. The EJ
We can hear 1000's of all night
long at all 4 or more crossings.
Please Do not allow this too
happen - Vote NO.

YOUR INPUT IS IMPORTANT!
