

Environmental Impact Statement

CN | EJ&E

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 27 AUG 2008

Comments must be submitted by September 30, 2008.

Dear STB:

While I understand the desire on the part of the Canadians to move more freight and make more money, I object vehemently to the congestion they will cause - Congestion is bad already - stalling EMERG vehicles etc. If they spend the money to create underpasses at all the grade crossings, we could tolerate the change. However, they have set aside a mere \$40 million to improve crossings. They stand to make \$BILLIONS with this acquisition. The taxpayers of Illinois will have to foot the bill for the needed over- or underpasses.

The PR man who appears on TV for CN is remarkably unpleasant. This adds to the animus against the foreign nationals buying the EJ&E -

And overall, the greed involved here is boundless!

*Sincerely,
Mike Ackneally*
