Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date:

8/27/08

Comments must be submitted by September 30, 2008.

There are already enough trains coming through Barrington, and if we let the CU trains come through, we will have problems.

The traffic will become horrible. No one will be able to go anywhere without delays. If the fire departments and/or ambulances aren't able to get anywhere on time, then this could cause even more problems, which in this case could be as bad as death. ~~But if we~~

But if we let these trains through, not only will the traffic be bad once, but many more times. Who said that this was the only time these trains are coming through? If we let these trains come through, how many times will we have to make this decision? Two times? Five? Ten? We should not have to decide over the same problem more than once. We either let them in or leave them out.

~~Let~~ The district of Barrington should not let these CU trains come through.

YOUR INPUT IS IMPORTANT!
