To -

the U.S. Surface Transportation Board -
Please hear us!!

I am a Senior Citizen of 84 yrs
who has lived in and loved the
Barrington Community since 1991 -!
Thank God for our wonderful Metra
System that afforded me transportation to
Chicago - until a few years back - so I
could continue to work in my Mart off'd.
Our wonderful Barrington Fire Dept. paramedics
have transported me to the hospital two or
three times - again - Thank God we
were not held up by yet another freight train
or I might not be here to make this
urgent plea - " NO WAY
NO HOW
NO new Trains from Canada
(and I love Canada!)

Thank you!
Georgia Bettes Norlin
