Yes, this is Sam Kwal. I'm calling from 815-306-2929. I'm calling in regards to the CN acquisition in Naperville and I called to voice my concerns around that and I am very, extremely opposed to the CN acquisition and requesting that a meeting be held in Naperville to review the concerns of the neighborhoods of the safety of the children/property values. There is just nothing good about this thing as far as affecting Naperville and its reputation. I moved from out of state next to the water research as Naperville to be a great place to live and now this is happening. I feel like this is a huge mistake. I am very opposed to this acquisition and requesting a meeting to be held in Naperville. Thank you.
