TO: PHillis Johnson-Bell
FROM: Robert DiTuri - Resident Franklin PK. IL Illinois

Dear PHillis - Subject Rail Traffic & other comments

I have not only comments about Rail Traffic, but other issues I would like to talk to you about in this letter.

Well rail traffic in Franklin Park is pretty bad on the 25th st crossing especially when your coming home from rush hour. It seems like the long trains are trained to passed through right between the hours of 4 to 6 p.m. Not good. "Rush Hour"

Also when your going over the tracks they are so bumpy can't they put a smoother surface decking to make it easier on people driving over the tracks in Franklin PK crossings.

My next comment is ~~why~~ most of the railroad ticket offices especially Franklin PK when your sitting waiting for your train to come when you look across the tracks there are weeds growing higher than a kite on railroad property. Can't the railroad have a maintenance program to clean that up so people can enjoy a cleaner atmosphere around them.

The train station in Franklin Park is pretty old in comparison to all the others in River Grove & Elmwood Park are there any considerations to built another station that looks more repestable.

Has anybody ever considered Security Camera's around the railroad station areas.

Has anyone ever considered writing to the Canadian Pacific Railroad along Green St which boundures Franklin PK. & Bensenville to Alert them along the road side that they should clean up all them dead trees & weeds & bushes along side the road.

I don't no who jurisdiction it lies under F.P or Railroad, but could Someone look into this issue. It is a sight for sore eyes when your driving down Green St & it's been like this For years & no one seems to be resposible enough to clean it up. These are all my rail traffic & other comments to you. I hope you can get back to me & read these issues that might be resolved or locked into. Thank You.
