I am a widow and mother of three. I personally do not farm, but I own property close to the proposed railroad path. I urge you to publish the names of those who have filed and those who endorse (back) this horrible idea of a new railroad (and/or tollway) cutting through America's heartland, splitting family farms, sacrificing some of the best soil in the world, and posing danger in our backyards. Farming is our #1 industry and the soil that lies in the proposed railway path cannot be replaced. Furthermore, the danger the rail poses to the families who live in Rock County is gut-wrenching! It is important to know the names of the individuals and/or businesses that support such an unwarranted risk to agriculture, families, and the general good of the people of Rock County. Thank you. Ronna Ballmer.
