Good morning, Mary -

Here are answers to your three questions:

1. On October 29, 2015 we received CPA's written request for a "temporary hold" on STB's environmental review process. The letter request is available on the STB's website and I have included a link to the document here:
[http://www.stb.dot.gov/ect1/ecorrespondence.nsf/PublicIncomingByDocketNumber/2CD9DB4DAFE3666085257EF1004D72CA/\\$File/EI-21155.pdf?OpenElement](http://www.stb.dot.gov/ect1/ecorrespondence.nsf/PublicIncomingByDocketNumber/2CD9DB4DAFE3666085257EF1004D72CA/$File/EI-21155.pdf?OpenElement)
2. CPA's letter request did not specify a time frame for its review of a potential rail route through the Cape Canaveral Air Force Station (CCAFS).
3. I anticipate that CPA will file a document (e.g., letter report or report) with the STB upon completion of its review of a potential CCAFS route. With this additional information, the STB will conclude its assessment of the feasibility of a potential CCAFS route. The STB will not make any public announcement regarding the receipt of CPA's report. We will, however, periodically update the agency's website, when appropriate, regarding the status of this proposed project. Those updates can be found by going to the STB's home page at www.stb.dot.gov, placing your cursor over the "ENVIRONMENTAL MATTERS" button, selecting "Key Cases" in the drop-down menu, and then clicking on "Canaveral Port Authority – Extension of Existing Rail Line." We will also post updates on the STB-sponsored project website at www.portcanaveralraileis.com. Thus, you can check on the project status by going to "Key Cases" or the project website periodically, or by inquiring with me periodically by phone or email.

Thanks,

Dave

 Subject: 3 Questions re Doc # FD 35852

Hi Dave,

I attended the board meeting where the CPA voted to request a “temporary pause” by the STB while they “reviewed” the Larkin EUL. I have three questions:

1. Did the CPA in fact, request such a pause?
2. Would you be so kind as to tell me when they request a resumption?
3. How will we the people know if you are beginning to review the Larkin Plan in terms of environmental issues, as it is quite different than the port’s previous CCAFS plan?

Thank for your kindness and patience with us all. We have very few avenues of reliable information... and you are it!

Cheers,
Mary
