Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

I live on Hillside Avenue. People already use our "quiet" residential street to bypass the congestion in downtown Barrington, using Hillside as a shortcut to get to Rt 59 going South, etc.

I fear that if these additional trains come thru more + more cars will use our nice, residential street to avoid the tracks in downtown Barrington.

I have a young child + a dog. We do not want Hillside to turn into the Kennedy Expressway. It will be even more unsafe for children + pets, to say nothing of trying to back out of our driveway!

I realize that overall safety issues "trump" my traffic concerns, but I still another example of how residents in Barrington will ~~be~~ be adversely affected.

thank you
