Message:

The proposed terms of the CN purchase of EJ&E border on insanity motivated by greed. Tripling the train length and daily runs will be devastating to the communities. There are four crossings within an approximate one mile stretch. The congestion will be HAZARDOUS. The STB must not consider any compromise offered by CN and the public meeting must be held near the Aurora/Naperville crossings where you can see first hand the problems that await us.
Nothing good will come out of this except for the privatized profits CN will reap while subjecting the communities to financial and emotional burdens.
This is BAD business and unexceptable.
