Dear Sir,

I am a homeowner in Paw Paw IL. I want to express my opposition to the proposed railroad, that will effect many communities including mine. After looking at the "proposed route" it appears that the freight will basically go through my back yard . I chose to build in PawPaw in 1991 to escape this type of traffic and have a sanctuary in my country surroundings.

I am not a farmer ,but a lover of the quiet beauty the country presents. In addition ,I find the risk of environmental hazards appalling, not to mention

the chaos it may present in the event of a medical emergency, (God forbid) help is needed and blocked by the train route , delaying precious time to receive urgent care.

Lastly, and most selfishly , it will render my property worthless. My retirement plan to one day sell and move on has now been stolen. It is a slap in the face.

Please help to stop this project.

Thank you for your time.
