Message:

I strongly oppose the purchase of the EJ and E Railroad by Canadian National Railroad. The increase train traffic would paralyze Barrington residents' ability to conduct daily business, such as getting to schools, medical appts, grocery shopping, etc. We have another railroad in the center of town, and our roads are over-crowded. I already do not go in town during rush hour because of traffic disruptions. We have a large group of senior citizens who may needed access to medical services quickly. The disruption of travel routes by trains would be a serious threat to people's health in an emergency. For these reasons, the CN purchase of EJ&E railroad should be denied. Thank you for your attention to this matter. Joann Robbins
