Docket # FD 35952 Great Lakes Basin Transportation, LLC Project

To all it concerns:

We just can't imagine, if Frank Patton and his investors, had educated themselves about the farming industry, that they would so casually make statements that the waterways + tiling that exist will be fine, the farmers will love the deal they will get, why wouldn't anyone want to get on board. Forcing Eminent Domain to obtain all this land is obscene!

Vote No, please!

Farmland is priceless + precious!!

Very sincerely,

Linda Hinkston
