# Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

**STB Finance Docket No. 35087**

**Date:** 8/28/08

**Comments must be submitted by September 30, 2008.**

As a resident of Lake Barrington, Ill., and a mother of five (5) children in Barrington area schools, I have grave concerns over the acquisition of 2, 2 1/2 E by CN Railway. On any given day my family, which includes four (4) drivers, pass over one or more of the affected tracks 15 or more times. Having new drivers in the house I am particularly concerned over the increased risk of accidents at these tracks. This is a major accident just waiting to happen.

Of equal concern is the delay in emergency response / transportation to area hospitals. Were there to be an emergency (similar to Columbine) at area schools the tragedy would be severely compounded by rail traffic.

This is about more than inconvenience & home values,  
This is about protecting lives!
