Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I agree with all 21 flaws listed by TRAC regarding the Draft EIS.

I think other alternatives to address the Chicago bottle neck issue for rail services need to be give more review and research.

I oppose further taxes which will likely occur to mitigate the affects of increased rail traffic through Barrington and other municipalities.

There is a need to better address indirect and cumulative effects.

I use Good Shepherd Hospital which is north of the RR crossings and this could seriously endanger emergency service.

Noise for anyone living w/in "ear shot" of this RR line will affect the quality of life in Barrington Hills. ~~It~~

Congestion through Barrington is already bad! This will magnify the problem to impossible levels!

YOUR INPUT IS IMPORTANT!
