Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: Aug 25, 2008

Comments must be submitted by September 30, 2008.

Aside from the increased noise (I live only
700 ft from the tracks, and there are no
sound barriers) I ~~am~~ am concerned
about the transportation of bulk chemicals.
Are the chemicals in tank car quantities
that could be 20-30,000 gallons or more?
What chemicals are routinely transported?
Are they flammable?, toxic?
There are new requirements coming
out for tank cars. Will they be
used
