Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

I strongly oppose the sale of the EJE
railroad to CN Railway because of the negative
impact the increased train traffic will have
on the affected communities.
The reasons are ones you have heard
from everyone before - but they are all
valid critical reasons.
The community roads are not equipped
to handle the increase in trains. Emergency
vehicles will not be able to get to their
destinations. Fuel will be wasted.
Businesses will be negatively impacted
also. Traffic in the ~~down town~~ Barrington area
is already at a stand still. Adding more
train traffic will turn the ~~down town~~ beautiful
~~down town~~ into a ghost town.
Please look for alternate routes for
your CN trains. EJE is not the
right choice for the environment, the
residents & the business community.

YOUR INPUT IS IMPORTANT!
