Subject: RE: USACE contact for Uinta Basin Railway

Thanks, Kevin. Have we locked down a time for tomorrow to discuss the outstanding GIS issues that I mentioned last week? Would 4-5pm Eastern be ok? That time would work well for the ICF staff. I can have ICF set up a call-in line if that works for you.

Best,
Josh

Thanks for the email Josh. We'll follow up with Nicole as early as the next few days.

I also had promised you and ICF our field schedule for the near term. Here it is:

August 4-8, out of Vernal, UT
August 18-30, out of Vernal, UT

These dates will be focused on the Craig route.

We'd be glad to coordinate this with the folks at ICF as appropriate.

Kevin

Kevin,

I hope your Scouting events finished up well—sounds like a fun time. As I mentioned on the phone last week, Nicole Fresard at the Bountiful Office of the Corps has requested that you reach out to get her up to speed on the Coalition's field work and to coordinate on the Corps' permitting process. Nichole will be the main Corps contact for the project moving forward and I told her that you would probably be in touch some time this week. Her contact information is below:

Nichole Fresard, Bountiful Field Office
Phone: 801-295-8380 x8321
Email: nichol.d.fresard@usace.army.mil

Best,
Josh
