

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8.28.08

I don't want the trains because its not safe. With all the buses and cars that pass if there's a train stoped someones going to go and get hit. I don't want the trains because some of my friends take the bus across the tracks and I don't want to have anything happen to them. KEEP ME SAFE! STOP THE TRAINS!
