RE: STB Ex Parte No. 646 (sub-No. 1) **Simplified Standards For Rail Rate Cases**

I would like for Roquette America, Inc. to be added to the Service List for the Simplified Standards for Rail Rate Cases docket, which is identified above. Per our conversation, this Notice of Intent to Participate will also preserve Roquette's ability to provide commentary at a later date.

Please forward copies of all correspondence, documentation and decisions to me at the following address:

Eric Tibbetts
Logistics Manager
1417 Exchange Street
Keokuk, IA 52632-6647

Thank you very much for your assistance in this matter. I will call you today to confirm that I have completed all of the required steps with the STB in this matter before the closing date of September 1, 2006.

Sincerely,

Eric Tibbetts
