STB Finance Docket No. 35087

Date: 8-27-08

Please do not allow the proposed
CN agreement of the EIT+E.

There are no benefits for any person living in + around Barragatan. The opposite is true; this will create harm to people. It will hinder emergency vehicles from saving lives. It will change the fabric of the community + turn it to oil and gravel.

Please do not alter — We beg you
