Shorewood, IL 60404

June 2008

Dear, U.S. Surface Transportation
Board

My name is Kimberly ALBERT
and I live in Shorewood Ill.
and I am opposing the sale
of the EJ+E (Elgin Joliet +
Eastern) Railroad) from
Canadian National Railways

I can not imagine what
a 500% increase in rail
traffic would be like in
our county. The street traffic
that is on or around some of
those tracks are ABSOLUTELY
terrible now. I can not
imagine what the traffic
flow would become, the first
word that comes to mind
is HORRENDOUS.

It takes my husband a
minuion of 45 mins. to get
to work now, and he crosses
over 3 sets of those tracks.

I would probably say without
certain he will be late for
work pretty close to every day.

I'm sure his employer will not tolerate tardiness on a regular basis, which then means he will lose his job.

Please do not allow the sale to go through. I am referring to the docket # 35087.

I would also like to ask the surface transporatic board to extend the period for accepting comments from 45 days to 120, so we may have some more time to pass the word around.

Thank you

Kimberly Albert

Shorewood Ill.
