2 from Barrington, Illinois, and I believe
3 that this train would cause way too much
4 congestion in the downtown Barrington area.
5 I don't believe that the Barrington town is
6 designed for this amount of traffic and
7 train traffic coming through there. Being
8 where the tracks go through through the
9 middle of town would cripple the traffic
10 that's already congested in the area, and I
11 would really hate to see this go through.
