Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

My husband and I grew up in Park Ridge and Mt. Prospect respectively. We chose to live in Barrington because of its good schools and above all, its safety. We have both worked very hard to achieve this.

The proposed acquisition of the CN Railway will have a detrimental effect to our community. My children take the bus to and from school and when they enter high school they will be crossing the proposed tracks. The safety of our children is our 1st concern! How can this happen to our community? We have established our lives here after much hard work and we feel as though the rug is being swept from under our feet.

Please do not go forward with this! We need to stand up for the safety of ourselves and our children!

YOUR INPUT IS IMPORTANT!
