Please, please do not permit CN to
purchase the ESE here in Joliet!
Am totally against it!

Cave in point: Train from the ESE freight
yard, to this day, pass over a very busy
street here in Joliet - Collins St. I work
for Hospice & use this corridor. You can't
imagine the back up! Patients & families
are waiting for Hospice in the meantime.
There is no easy way around it! If
CN gets into the picture - well, I can't
imagine! Feel for families in surrounding
suburbs; will be much worse for them
regarding "noise", traffic congestion, etc.
Please - no CN purchase... Sincerely,
V. F. Friel
