To the Transportation Safety Board:

My family has been residents of the Barrington/Fox River Grove/Cary area for almost twenty-five years. We travel through the Barrington area five days a week due to work. The proposed increase of traffic on the freight lines through the Barrington area will dramatically affect our day-to-day travels. Also, I work in Barrington and I am concerned that all businesses would suffer. Most people would be forced to take business to neighboring towns. I am confident that are alternative solutions that could be considered for the Canadian National Deal.

Thank you for researching this proposal and listening to the citizens it would effect.

Sincerely,

Heather Bond
