Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: _____

Comments must be submitted by September 30, 2008.

This Draft Study was woefully inadequate.
The report does not account for the effects on
the impacted citizens. This weekend on a 1.2
mile drive we crossed the EJ&E tracks
5 times. Cutha, Lake Zurich Rd, Rt 14, Rt 59
& Lake Cook Rd.

What happens if a Train stalls? It could clog
towns for days. There are no alternatives
for citizens, there for CN.

Why were CN alternatives not circulated?
CN identified them, and identified their
most profitable. Not the best one for VS,
citizens.

If people can not travel to impacted, Tax dollars
are lost. People will not shop, dine, & spend
money.

- Does more train increase impacted in this
study? No, inadequate.
Before any Approval

CN must pay for all Grade Separations
Noise Improvements, & other impacts.

THEY WHO RECEIVE THE PROFITS, SHOULD
COMPENSATE THOSE IMPACTED.

YOUR INPUT IS IMPORTANT!
