Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

We are very concerned regarding the impact of the proposed acquisition and what it will do to the safety of our citizens and children.

The town of Barrington (and surrounding suburbs such as Deer Park + Lake Zurich) already have traffic issues due to the existing train levels.

We are worried about our children sitting on the school bus for so long waiting for train & especially crossing the tracks numerous times a day.

The noise, pollution & disruption to our environment as well fare poorly on our area.

Why does Big Business always have to win one?

YOUR INPUT IS IMPORTANT!
