Dear Ms. Johnson-Ball:

As a resident of New Lenox, a community that will be negatively impacted with the increased number of trains being proposed with the purchase of the EF&E railroad by the CN railroad, I would like to express my deep dissatisfaction.

I strongly oppose the addition of acquisition of the E.J. & E. Railway by Canadian National. I am especially concerned about NUCLEAR WASTE being transported through our community as well as the increased traffic congestion/impact on emergency response time, in a community that is already strained by excess traffic and lack of alternative transportation routes for motor vehicles.

Please take my concerns into consideration when you make your recommendation and **vote "NO"** to the CN.

Sincerely,
