Message: I would like to voice my opposition to the CN acquisition of the EJ&E. I oppose this for several reasons. One of them being the traffic concerns. Besides tying up residential traffic, I am also concerned that emergency vehicles will be unable to make it to emergency calls in time to save lives and property. The thought of hazmat materials that will be loaded on these trains and driven through our neighborhoods makes me ill. Putting up walls around our subdivisions and building bridges to accommodate these trains raises the question of who will be paying these costs? I know you have heard these concerns and many others before. I just wanted to be counted as a citizen of New Lenox who opposes the acquisition of the this railroad.
