

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date:

8/27/08

I Live twenty yards away from the rail road track 3 me and my four brothers find it very Annoying that the loud train comes by ~~every~~ every day 5 times a day. if you people buy this rail you will be putting 20 trains in one day. this will be 4 times more Annoying then before.
