 Message: I am writing to voice my opposition to the Canadian National Railway's acquisition of the Elgin, Joliet and Eastern RR. I do not see any benefit to our community from the proposed increase in railroad traffic. Our elementary, middle and high schools are located very close to this line, and the increased train traffic will conflict with many people travelling over these tracks on the way to school. This includes busses, parents, and young drivers who will be having to put up with delays in traffic from the trains crossing as well as more chance for an accident to happen.
