City	Naperville	State	IL	Zip	60564

Transcript:

I am calling to request additional public meetings be held in the Naperville-Plainfield area. This area was largely ignored during the January/February Scoping section and again with such a huge population in Naperville, 150,000 almost, I'm surprised there's not a meeting here. I would also like to ask for an extension for the deadline for comment. It just takes people so long to realize how this impacts them and to read the huge DEIS, that I really believe we need more time. Thank you so much. Bye bye
