I'm here to tell you that I want the proposal to go through for the Canadian National railroad to buy the EJ & E. I live in South Holland and anytime I want to go anywhere I have to plan a half an hour longer trip because I know I'm going to be stopped by a train in either direction that I go and it's a hazard to all in our community and I hope this message gets across to everyone. I realize the people in the North suburbs don't want it but we have 19 trains a day coming through here, they have no such thing up there. Thank you for hearing my comment.
