Dear Ms. Bean,,

I cannot begin to express my deep concerns for this CN railroad acquisition of the EJ&E. I feel that my property value just went down tremendously on my home. I have lived in the Barrington area for ten years and planned on never moving. I feel that no one will want to live in this area anymore. We will have nothing but traffic, congestion, pollution and noise. It will make our community an undesirable location with no desires for raising your family in or having your business in. I also feel that you have to consider the safety issues involved also. We will have major streets tied up like Lake Cook Rd. where school buses travel on from the high school and two middle schools. I don't feel that it can get anymore congested on that street than it already is. Please do not allow this to happen to our great community. Please fight for us.

Sincerely,

Steve Casey
