

080204 Flanders

Hi. This is Eric Flanders. I live in Aurora. I just wanted to register my issues with the Canadian National railway purchase of the EJ&E. It would increase traffic flow too much especially impact a lot of people as they drive west of the train line to get onto the Burlington Northern Train to take the train. That would probably hold me up by 5 or 10 each morning and maybe 15 to 20 minutes each evening because it has happened here or there even when we run only a couple trains each day. So, you don't want those to cause traffic issues for me and my neighbors. Thanks very much. Bye-bye.
